

How do users navigate the website?

Users can use the link that is attached below to reach the website:

<http://ceclnx01.cec.miamioh.edu/~luongj2/mist/store/search/>

The site consists of two parts:

- The navigation bar in the header.
- The content of the site in the body.

The as a user that is not logged in, the navigation bar includes hyperlinks to:

- Store - Our library of games.
- Forum - Our community of posts.
- About - Information about our purpose and our team.
- Login - Logs the user in with valid credentials.
- Sign Up - Allows users to sign up for an account.

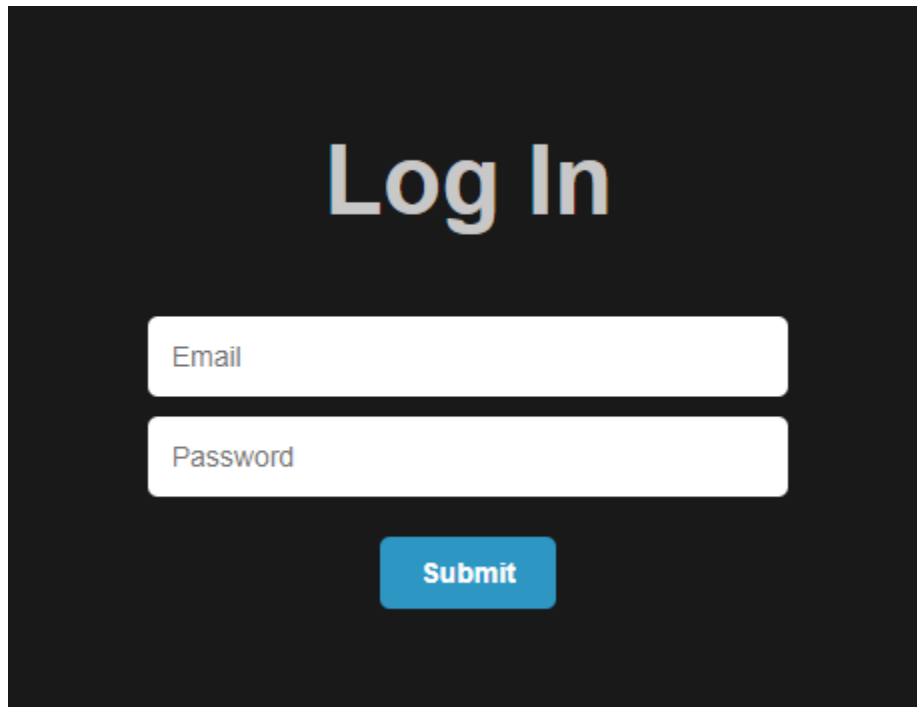

Users that are logged in have:

- Login
- Sign Up

replaced with:

- Profile - Displays the information about the user.
- Log Out - Logs the user out and ends the website session.

Please enter a valid email address.

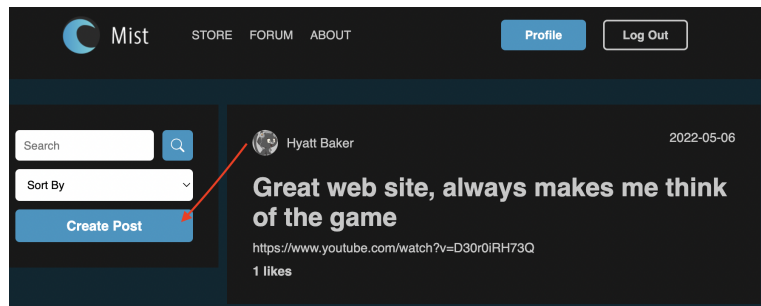

How do users browse for and search games?

- Whether or not the user is logged in, the user can switch between store and forum through the navigation bar.
- Both store and forum page, users can use the search bar to search the name of the game, and also can sort the game and post by date and like.

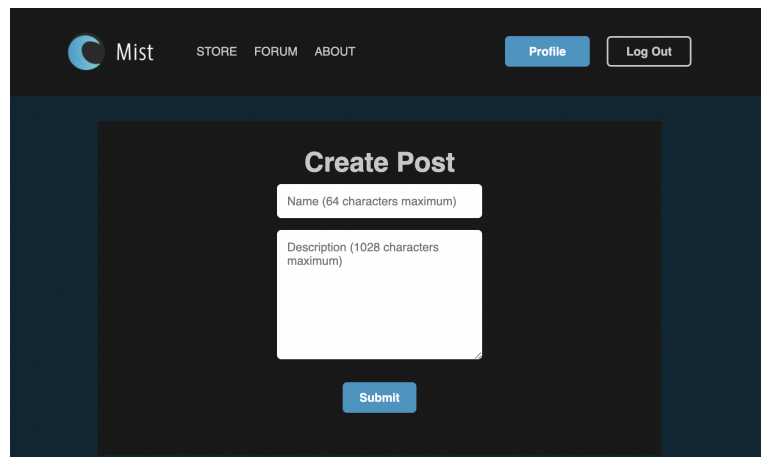

How do users create posts?

Users are able to create posts after login and click the create posts button from the forum page.

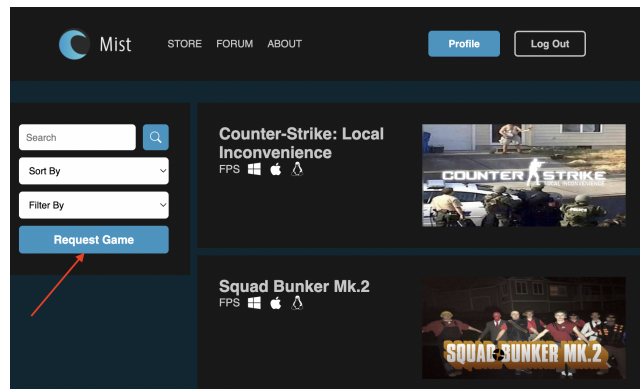

When creating a post, users can add the post name and description. We provide the placeholder to remind the user the purpose of the input box and the largest characters that can be added.

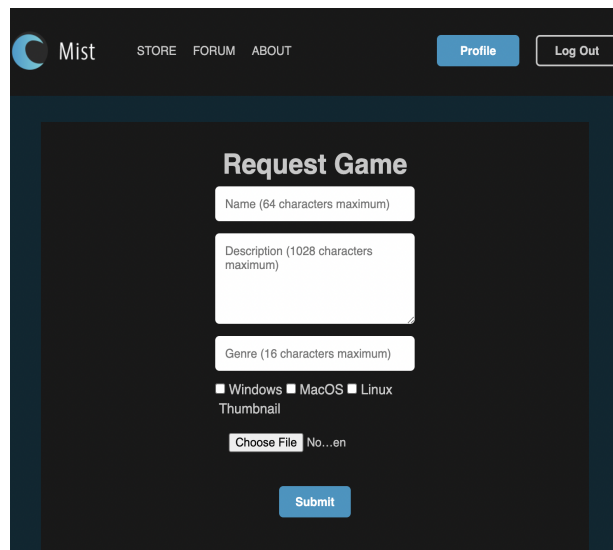

How do users request games?

Users are able to create a game request after login and click the request game button from the store page.

When creating a game request, users can add the post name, description, genre of game, the system that game can run on, and upload a picture. We provide the placeholder to remind the user the purpose of the input box and the largest characters that can be added.

A screenshot of the 'Request Game' form on the Mist website. The form is titled 'Request Game' and is located in the center of the page. It contains several input fields: 'Name (64 characters maximum)', 'Description (1028 characters maximum)', and 'Genre (16 characters maximum)'. Below these fields are three checkboxes for 'Windows', 'MacOS', and 'Linux'. There is also a 'Thumbnail' section with a 'Choose File' button and a placeholder text 'No...en'. At the bottom of the form is a blue 'Submit' button. The background of the form is dark, matching the website's theme.
